INVESTORS IN PEOPLE

Congratulations to Nikki Goddard our Customer Service Assistant. She will be getting married to Mathew (Rasher) Bushnell on 28th August this year.

They have been together for just over 2 years - we wish them every happiness.

Welcome - to the new Haddon Training Internet Newsletter - easier to read, difficult to lose - more environmentally friendly - less paper waste - no carbon footprint but just as informative as before. Its going to be posted on the Web every six months - its going to be easier to produce - its not going to clutter up your desk. You can visit our website regularly for this and many more bits of interesting info.....

HT is pleased to introduce their new **Team Leadership and Management Qualification**. This qualification is ideal for those working in both the Horse Care and Animal Care industries who aspire to a leadership or management position in their chosen career.

We will initially be supporting the Level 2 NVQ in Team Leading and it is for you if you feel you are competent at the following:

- managing your own resources
- providing leadership for your team
- developing productive working relationships with colleagues
- ensuring your own actions reduce risks to health and safety

Get in touch with us and find our more!

Carl Hester is the latest in a long line of prestigious yards to support the NVQ and Apprentice programmes delivered by HT. We are thrilled to welcome Carl on board together with Olivia Oakley, our learner based at his yard. Olivia originally went to Carl for two weeks training in July 2009 and was lucky enough to be asked to stay on as his working pupil. Olivia has already had a very successful career: at the age of 12, she represented Great Britain in Holland, and he has also qualified twice for the National Championships at both Elementary and Medium Levels. She is currently producing her own horse Donna Summer with help from Carl, with the intention of competing at the Junior Championships later this year. Good luck Olivia!

STANDARD SETTING DAYS FOR EMPLOYERS: A GREAT SUCCESS!

Two Standard Setting Days have been held in the past 6 months. One at Berkshire Riding Centre at the end of last year (courtesy of Rosie Lord) and one at Pippin Equestrian earlier this year (courtesy of Helen Barton-Smith). These seminars were developed as opportunities to improve training standards; share best practice; network with fellow trainers and owners and gather information, advice and guidance as well find our more about what else Haddon Training can do for you. Chris Hewlett presented a The Staff Motivation and Retention Seminar, which was designed to strengthen continuing professional development. The vast majority of people found the days interesting and informative - we plan to hold further days!
